Dear Parents,

Greetings from Gobbler Academy!

We are a Social Enterprise that aims to empower youths through applied learning, training and workshops. We are excited to share with you about our new Social Entrepreneurship programme that we are launching this June holidays - Boss For A Cause!

Boss For A Cause is an enrichment programme for your children aimed to groom them into socially-conscious marketplace champions.

We will be conducting hands-on classes for your children to experience the retail business while having a heart for society. As we engage your children in exciting activities, we will cover these key learning objectives:

- Character building for making a social impact
- Creative ideas turned into reality
- Relationship development and communication skills
- Fostering values of compassion, trust, teamwork and gratitude

Price: \$388 per student for 3-day workshop
